

ClickSafety – Online Safety Classes through CPMCA and the A & J
The Leader in Online Safety Training

To: CPMCA Contractor Members, Affiliates, UA Locals and Staff

CPMCA and the Apprentice & Journeymen Training Trust Fund have partnered to deliver [ClickSafety](#) online training to CPMCA members and Union members. Through longstanding, industry-leading safety training, ClickSafety provides the flexibility and required knowledge to help you achieve worker safety and regulatory compliance. ClickSafety is an OSHA-authorized online training provider featuring a library of over 300 construction, environmental and general industry training course so you can easily build a tailored safety program. Visit www.clicksafety.com for a complete list of classes.

Please review the guidelines below & remit accordingly

To enroll a **UNION MEMBER**, please remit this form via email or fax to the **A & J Training Trust Fund**:
Attn: Clicksafety
Email: info@ajtraining.org
Fax: 310-604-6046
Tel: 310-604-0892

To enroll **NON-UNION/OFFICE STAFF** (PMs, PEs, Estimators, etc.), please remit this form via email or fax to **CPMCA**:
Attn: Tiffany McGee
Email: tiffany@cpmca.org
Fax: 818-306-3881

You will then receive an email confirming that your user-profile has been created. The confirmation email specifies a class deadline date. CPMCA will bill its members for its cost of the class if the coursework is not completed within 6 months of the date the training was assigned. In addition to CPMCA’s policy, OSHA regulations require that OSHA 10-Hour & 30-Hour courses be completed within 6 months of the course start-date.

DATE/TIME: Anytime - Available 24/7 via your computer (internet access required)

COST: CPMCA Members: Free Union Members: Free
